### Emory University – Addis Ababa University Faculty Visitor Program 2019 Call for Proposals

Thank you for applying to bring a faculty colleague from Addis Ababa University (AAU) to Emory University as part of the Office of Global Strategy and Initiatives' (GSI's) new Faculty Visitor Program with AAU. The aim of this program is to contribute to Emory's diverse, inclusive intellectual community by deepening the relationship between AAU and Emory, seeding new research collaborations, and cultivating new Emory-AAU research connections.

In consultation with AAU, Emory will select up to two (2) AAU faculty each program year to visit Emory for 2-6 weeks wherein visitors will have the opportunity to give lectures and participate in colloquia as well as explore new research themes with Emory faculty. For each selected AAU faculty member, GSI will cover the cost of a roundtrip flight to and from Emory as well as lodging, per diem, and short-term health insurance for the duration of their stay at Emory. Emory will provide access to Emory research facilities, including libraries and computer facilities, for the visiting AAU faculty member(s). Please note this program will not grant funding to the Emory faculty involved but will instead cover the visitor's expenses detailed above.

The program holds no teaching obligations but visiting faculty will be asked to give one or more lectures on their current research and how it relates to their visit.

Emory faculty with existing faculty connections at Addis Ababa University as well as those interested in establishing engagement with an AAU counterpart are welcome to apply. Faculty from any discipline are eligible.

#### Application criteria for consideration:

- Hosting Emory faculty and visiting AAU faculty must be in good standing with their respective institutions
- The Emory faculty member will be present on campus to host the AAU faculty visitor for their time in Atlanta
- Application must make a compelling argument for the visit's value contribution to Emory University and Addis Ababa University

If you wish to nominate an AAU faculty member, you are encouraged to alert your AAU colleague of his or her nomination and to advise that he/she will be asked to provide a CV, letter of recommendation, and statement of interest if selected for the final round for consideration.

To apply, please complete the form that follows and return it to [global@emory.edu](mailto:global@emory.edu) by **February 25, 2019**. Please include in the subject line: **Emory-AAU Faculty Visitor Program Application**.

If you are interested in working with faculty from AAU, but need assistance connecting with potential counterparts there, please contact Sarah Harlan Zegeye at [sarah.harlan@emory.edu](mailto:sarah.harlan@emory.edu).

Final decisions will be made by April 30, 2019.
